

NOC Track Days / Parades
FREE TO ALL MEMBERS (PR5)

Ever thought about taking your Norton around some of the UK's best circuits? Well thanks to the Norton Owners Club you can. We have teamed up with the CRMC (Classic Racing Motorcycle Club) to allow a limited number of tickets to take part in their Track Parades.

There are two types of parade lap sessions available:

PR5: These track sessions are provided at **no cost** & are run under ACU Parade regulations i.e. suitable protective clothing (1 or 2 piece leathers) must be worn. Machines must be fully road legal (no race bikes). Also remembered that these are ACU regulated spectator track parades. They are not a speed event so riders wanting an unofficial race session will be disappointed. The parade is speed controlled by a pace vehicle & is conducted in such a manner as to provide a safe as possible track experience for road going bikes & riders – but it will still leave you with a very big grin.

All riders **must** remember to bring driving licence, insurance certificate, MOT, road tax receipt & NOC membership card. Members over 70 will need to complete an ACU parade license application form costing £10.00 please advise at time of enquiry if this is required.

PR6: The Race (PR6) Parades are charged for per entry, which includes insurance. Bikes & rider clothing are more stringently scrutineered than for the Spectator Parades ie. One piece leathers only. For PR6 entries please visit <http://www.crmc.co.uk/calendar/>

All riders **must** remember to bring driving licence & NOC membership card.

Further details & regulations provided on application to Dom Loram, details inside front cover. publicity@nortonownersclub.org

CRMC 2017 Calendar
